

The LocknCharge Deal Registration Program is available to all LocknCharge Authorized Resellers in North America. The purpose of the Program is to protect and reward Resellers for sourcing and closing new LocknCharge sales opportunities. All qualified Resellers participating in the Program must understand and adhere to the Program Guidelines. The Program terms and conditions outlined in this document are subject to modification or termination by LocknCharge at any time and without notice. By submitting a deal registration, the reseller is agreeing to let LocknCharge have conversations with the organization seeking to purchase LocknCharge products to further qualify and sell the opportunity.

Benefits of Deal Registration

- Establishes a co-selling relationship between the Reseller and LocknCharge.
- Enhances the profitability of the Reseller.
- Provides a selling advantage to Reseller to win the business.
- Earn a protected discount on qualified deals – additional margin dollars are available, please contact your LocknCharge channel manager for details.

Program Overview

Resellers that register eligible opportunities will receive a 12% discount off Reseller unit cost if the deal is closed within program requirements. At each Reseller's discretion, the discount may be extended in whole or in part to the end-customer to help close the deal, or can be captured as additional margin. LocknCharge has authorized distributors to extend the additional discount to qualifying Resellers (off-invoice) when providing quotes and processing orders for approved registered deals. LocknCharge reserves the right to negotiate directly with the end user on any opportunity with an expected purchase order by the end user that will be over \$100,000 in LocknCharge products. If LocknCharge sets the price, a margin will be worked out with distribution and the reseller as a part of the large order.
