*(Dimensions are with handles and castors installed. Handles and castors to be installed by customer.)*

## LocknCharge makes life easier.

**Lightweight, Space-Saving and Secure Design.** High-quality casters and a lightweight frame make this Cart easy to maneuver. The small footprint is perfect for space-strapped rooms, and keyed padlocks ensure security of devices.

**ECO Smart Charge™.** Intelligent charging automatically senses current draw and delivers power to each of the four power banks, ensuring circuit breakers aren't tripped while allowing the maximum number of devices to charge at one time.

**Pre-Installed USB-C Docking Kit for Dell 3100 Chromebooks.<sup>1</sup>** Our patent-pending precision Docking Kit is pre-installed to save time while setting up your Carts. The Docks also save time during daily use while connecting and disconnecting devices. Simply install your cables, slide your device into the dock and voilà!—devices begin charging. You can also mix and match docks and dividers (sold separately) to suit your device needs.

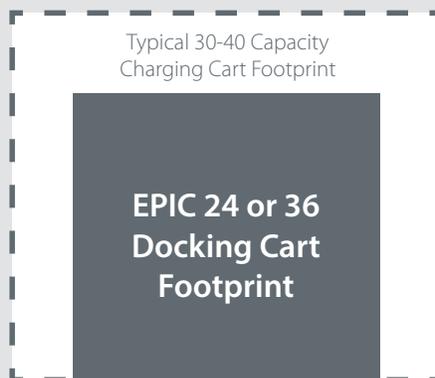

**Rigorously Tested.** Testing proves the durability and stability of the LocknCharge USB-C docking slot and power adapter. During testing, Chromebooks were docked and undocked over 9,500x with 0% failure rate.<sup>2</sup> You can be confident that your USB-C power adapters won't be damaged during Cart use.

*USB-C Docking Kit is not compatible with Dell 3100 2-in-1 devices. Exclusively designed for use with Dell branded 65w power adapter MFG part 9FNYW (Dell part 492-BCBI). Docks will NOT work with any other Chromebook model. If you have other devices, check out our EPIC Cart with dividers, which provides universal charging.*

# A Smart Use of Space

**Small Footprint, Big Power.** Tight on room? You no longer have to give up valuable space to accommodate a greater number of devices. EPIC Docking Carts pack as much charging power and capacity as a traditional Charging Cart, yet only take up a fraction of the footprint.

**Perfect for Several Device Environments.** These EPIC Docking Carts are perfect for environments where devices need to be transported between rooms, stay in one room or require charging throughout the day.

## Additional Key Benefits

**Magical Unicorn Lifetime Warranty.** The EPIC Cart is backed by our lifetime warranty on the main frame, electrical and most other components. The USB-C Docks are backed by a 5-year warranty.\*

**World-Class Customer Support.** Our helpful and friendly Customer Support team will promptly assist with any product issues or questions that may arise.

**Affordable for All Budgets.** Enjoy great Cart features LocknCharge is known for at an entry-level price.

**Efficient Setup and Cable Management.** Quickly set up your Cart while keeping cables organized and out of the way during use.

**Easy-to-Access Side Panels.** Front-loading shelves make it easy for kids of all ages and adults of all heights to reach devices. A secure, back-access panel with a separate lock and keys for cables makes it simple to locate and swap out cords as needed.

**Store Items on Top.** In space-strapped areas, use the top of this Cart to store pretty much anything.

**Future Proof.** Removable Docks allow for an open-concept Cart that adapts to future needs as technology changes or new technology is added. Plan ahead today, and save money for tomorrow.

**Tough as Nails.** The body of the EPIC Cart is made with a combination of screwed, riveted and welded steel construction and is backed by our lifetime warranty.\*
