

# LocknCharge Channel Program

LocknCharge is a company dedicated to the design, manufacture and functionality of reliable and secure charging solutions for mobile device deployments. With millions of devices protected in LocknCharge solutions throughout 30+ countries across the globe, we make our customers' lives easier by listening to their needs and designing products that solve specific pain points.

Our product lineup boasts new-to-market features and quality materials that are unmatched by our competitors. We offer best-in-class customer support for both our customers and resellers. Resellers are our partners—and by working hand-in-hand, we're able to provide the best possible experience for you and our customers.

## Partner Benefits

### Freight Assistance

In most cases, free dock-to-dock freight is available within the 48 contiguous United States through our distribution partners.

### Hassle Free Returns

If your customers discover concealed damage to a product, we'll handle it directly so you don't get dinged on your sale, no RMAs.

### Seed & Demo Units

Seed units available at 50% off, and free demo units available.

### Live Video Demos

We offer live video demos of our products every day upon request. We can demo on your behalf or in tandem with you.

### partners.lockncharge.com

Visit our partner portal for flyers, case studies, product matrices, testimonials, demos, sales tips and more.

### Training Programs

LocknCharge provides annual product training and on-site product training.

## Bonus Margin Programs

### Deal Registration

Earn protected margin for three months on eligible deals. Visit [www.partners.lockncharge.com](http://www.partners.lockncharge.com) for details.

### Elite Rep Bonus

For the "cream of the crop" reseller reps, we have an Elite Rep Bonus Program which includes:

- ✓ Additional bonus margin
- ✓ 1-unit deal reg qualification
- ✓ 6-month deal registration approval
- ✓ Extra assistance from your channel manager
- ✓ No questions asked about demo units
- ✓ Custom marketing support and more
